

DO YOU REMEMBER?

The Nifty Fifties

**Cloak rooms, galoshes
Ink wells and nibs
Teachers with hankies
Aprons with bibs**

**Soda Shoppe's and pool halls
The Five and Ten
You are older than fifty
And lived way back when**

**How about Elvis the Pelvis
And Johnny Be Good
Wake up Little Susie
And lots of junk food**

**Portable radios
And sci-fi were big
The juke box was rockin'
What a great gig!**

**Natalie Wood
And for sure, James Dean
Hot Marlon Brando
Were on the "Big Screen"**

**The years have whizzed by
The 50's are gone
But when we remember
Those days are still Strong**

**We're oldies but goodies
Though "hip-hop is in
And dancing together
Is still our big thing**

**Remember the 50's
Cuz dreamin's okay
It's fun to remember
"Those were the days!"**
