This promises to
be a very
special weekend!
40 Classmates
all together
Maxing & Relaxing.
Sharing Meals,
GAMES, Cocktails,
Fun & Friendship.
The Ranch is a Truly
Magical Place!

We may have a
special teacher
guest or two..

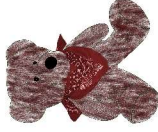

Maybe a **hayride** ,
if you're good.

Us!

Sorry, but due to the small
number of people able to stay
on property we have to keep
this to classmates only!!!

**Give your spouse,
girlfriend, boyfriend or
significant other the
weekend off!** You know they
will be bored with our PHS history
and stories. It really gives us all
time to reconnect with our
friends. The majority of
the rooms have
two twin beds.

So find a classmate or two
to join you or
make a new friend.
It's kind of like
Summer Camp
but better.

If we get an overwhelming
response to the reunion we
will have a luncheon on

Saturday Nov 2

**11:00 am-2:00 pm at the
Mojave Narrows Regional
Park very near the property.**
(expected cost \$30.00/person)

Hurry!

**To stay at the
Ranch for the
weekend
(meals included)
is \$175.00
per person.**

Rooms going fast!

PLEASE USE THESE DIRECTIONS. GPS WILL TRY TO TAKE YOU IN BY OTHER ROADS THAT HAVE LOCKED GATES, ARE NOT DRIVEABLE, DON'T GO ALL OF THE WAY THROUGH, ETC.

About the Ranch.....

The property, the Kemper Campbell Ranch, is a place of historic interest and legend, dating from the 1920's to the present. Citizen Kane was written here, J.B. Priestly wrote *Midnight On The Desert* here.

Hollywood filmed a number of movies here including *Somewhere in Sonora* with John Wayne and *Sundown Trail* with Tom Keene. More recent films include *Kalifornia*, starring Brad Pitt and Juliette Lewis. Guests from days of yore include Groucho Marx, John Wayne and Greta Garbo. Will Rogers kept his Polo ponies in our pastures and the Main House provided inspiration for the architecture of his home near the Pacific Palisades.

Our Main House is an architectural gem designed by the famed architect John Byers. Photos and history of the Main House are chronicled in the gracious living books, *Rancho Deluxe* and *Mediterranean Houses In America*. Byers incorporated many unique features such as hand-hewed railroad ties and authentic corral posts for the living room balcony, and sun baked 18 inch thick adobe bricks for the structure. Each tile gracing the rooftop was individually molded "over the leg" in true western style.

Built in 1929, this large 6 bedroom, 5 bathroom adobe house can sleep 10 to 12 people. Its 13 nearby guest rooms, each with its own bathroom, can sleep an additional 29 people.

Checks made out to Pomona High School Reunion.for \$175.00/person

Mailing address:

Peter Wolff
21 W Easy St, Suite 108
Simi Valley, CA 93065

If you would like to pay with Pay-Pal, Peter has set up a link at the following website **<https://classreport.org/usa/ca/pomona/phs/1979/>**
The Pay-Pal system accepts all major credit and debit cards.

Unfortunately Pay-Pal skims off over 3 percent from \$175 in revenue. So, if people use the convenience of the paypal system, we must charge them a total of
\$175 + \$5.54 = \$180.54

There is a little loop hole. If you are a member of Pay-Pal you can send a direct payment of \$175 to **pomonahigh1979@gmail.com** using the "**payment to a person**" option. The money must come from a US checking account linked to your Pay-Pal or your Pay-Pal balance. This could save you the unnecessary \$5.54 paypal "convenience fee".
