DONATIONS

_____ Yes, I would like to donate to the NHS Class of '75 Reunion Fund.

One of the main things that make our class stand out from most is our love and support for one another. Over the years, we have strived to keep an ongoing class reunion fund in order to carry on that support. Whenever we have received news of the passing of a fellow classmate or former teacher, we have sent flowers or made an appropriate donation from the class. When it is reunion time, the monies in our account help to kick start the events and get the ball rolling. We have also used the monies to help fellow classmates attend our reunions who were unable to do so due to finances. All of this and more is made possible due largely because of your generous donations to our class reunion fund. Please consider making a donation to our class fund so we can continue to support our classmates and future reunions.

Enclosed is my donation of \$ _____.

If you would like to attend the reunion, but need help with covering the cost of the ticket, please contact Stan Howard at 937-836-5846. (Information will be confidential.)
